SIZE-UP ORDER

1. People in danger: 911. Then this card.
2. Clock from your boots. Do not walk the block for a shot.
3. Height guess. What is under it.
4. Time first seen. If you lose it, time last seen. Do not freeze a last plot as live.
5. Remote ID number only if a display shows one. Blank is honest.
6. One sentence to command. Then stay on your assignment.

WHO YOU TOLD

☐ Command ☐ 911 ☐ Other _____

PHOTO FROM WHERE YOU ALREADY STOOD

☐ Yes ☐ No

Receive-only. Dark Sky Systems LLC does not jam, spoof, or take over aircraft. Silence on radios is not an empty sky.

darksky.systems · DS-VOL-SCENE · Keep one on the dash, one in the run packet.

What you say — three versions

FIRE / EMS “Command from [unit]. Drone over [clock], heading [], height [], over [people / apparatus / LZ / none]. 911 [called / not]. I have eyes from [position].” If you lose it: “Last visual [time], last clock [], last heading []. Not calling it gone unless I saw it leave.”	JOBSITE “Superintendent / safety. Unauthorized drone over [building / crane / crew]. Clock [] from [trailer / gate]. Over [people / none]. I am not chasing it. Photo from the trailer [yes / no].” If a screen showed a number: “Remote ID [number].”	CAMPUS / VENUE “[Admin / PD / command]. Drone over [quad / stands / gate], clock [], height [], over [crowd / none]. 911 [called / not]. I am staying on assignment.” Do not empty a building unless command owns that call.
